Sizing Charts

Shoes

How to measure shoe size?

If you are unsure which size to choose, it is best to measure your bare foot. Put your foot flat on a piece of paper, draw a cross at the tip of the longest toe and at the back of the heel. Measure the distance between the

Then repeat on the other foot and take the larger of the two measurements.

Please be aware that your sheepskin boots are meant to be a snug fit when they are brand new. Sheepskin will stretch when worn.
